(6) Equal to or greater than \$60,000, the borrower must repay the Consolidation Loan within 30 years of entering repayment.

(k) *Income contingent repayment plan.*

(1) Under the income contingent repayment plan, a borrower's monthly repayment amount is generally based on the total amount of the borrower's Direct Loans, family size, and Adjusted Gross Income (AGI) reported by the borrower for the most recent year for which the Secretary has obtained income information. The borrower's AGI includes the income of the borrower's spouse. A borrower must make payments on a loan until the loan is repaid in full or until the loan has been in re-

payment through the end of the income contingent repayment period.

(2) The regulations in effect at the time a borrower enters repayment and selects the income contingent repayment plan or changes into the income contingent repayment plan from another plan govern the method for determining the borrower's monthly repayment amount for all of the borrower's Direct Loans, unless—

(i) The Secretary amends the regulations relating to a borrower's monthly repayment amount under the income contingent repayment plan; and

(ii) The borrower submits a written request that the amended regulations apply to the repayment of the borrower's Direct Loans.

(3) Provisions governing the income contingent repayment plan are in § 685.209.

(1) *Alternative repayment.* (1) The Secretary may provide an alternative repayment plan for a borrower who demonstrates to the Secretary's satisfaction that the terms and conditions of the repayment plans specified in paragraphs (b) through (h) of this section are not adequate to accommodate the borrower's exceptional circumstances.

(2) The Secretary may require a borrower to provide evidence of the borrower's exceptional circumstances before permitting the borrower to repay a loan under an alternative repayment plan.

(3) If the Secretary agrees to permit a borrower to repay a loan under an alternative repayment plan, the Secretary notifies the borrower in writing of the terms of the plan. After the borrower receives notification of the terms of the plan, the borrower may accept the plan or choose another repayment plan.

(4) A borrower must repay a loan under an alternative repayment plan within 30 years of the date the loan entered repayment, not including periods of deferment and forbearance.

(5) If the amount of a borrower's monthly payment under an alternative repayment plan is less than the accrued interest on the loan, the unpaid interest is capitalized until the outstanding principal amount is 10 percent greater than the original principal

amount. After the outstanding principal amount is 10 percent greater than the original principal amount, interest continues to accrue but is not capitalized. For purposes of this paragraph, the original principal amount is the amount owed by the borrower when the borrower enters repayment.

[71 FR 45712, Aug. 9, 2006, as amended at 71 FR 64400, Nov. 1, 2006]

§ 685.209 Income contingent repayment plan.

(a) *Repayment amount calculation.* (1) The amount the borrower would repay is based upon the borrower's Direct Loan debt when the borrower's first loan enters repayment, and this basis for calculation does not change unless the borrower obtains another Direct Loan or the borrower and the borrower's spouse obtain approval to repay their loans jointly under paragraph (b)(2) of this section. If the borrower obtains another Direct Loan, the amount the borrower would repay is based on the combined amounts of the loans when the last loan enters repayment. If the borrower and the borrower's spouse repay the loans jointly, the amount the borrowers would repay is based on both borrowers' Direct Loan debts at the time they enter joint repayment.

(2) The annual amount payable under the income contingent repayment plan by a borrower is the lesser of—

(i) The amount the borrower would repay annually over 12 years using standard amortization multiplied by an income percentage factor that corresponds to the borrower's adjusted gross income (AGI) as shown in the income percentage factor table in a notice published annually by the Secretary in the FEDERAL REGISTER; or

(ii) 20 percent of discretionary income.

(3) For purposes of this section, discretionary income is defined as a borrower's AGI minus the amount of the "HHS Poverty Guidelines for all States (except Alaska and Hawaii) and the District of Columbia" as published by the United States Department of Health and Human Services on an an-

nual basis.¹ For residents of Alaska and Hawaii, discretionary income is defined as a borrower's AGI minus the amounts in the "HHS Poverty Guidelines for Alaska" and the "HHS Poverty Guidelines for Hawaii" respectively. If a borrower provides documentation acceptable to the Secretary that the borrower has more than one person in the borrower's family, the Secretary applies the HHS Poverty Guidelines for the borrower's family size.

(4) For exact incomes not shown in the income percentage factor table in the annual notice published by the Secretary, an income percentage factor is calculated, based upon the intervals between the incomes and income percentage factors shown on the table.

(5) Each year, the Secretary recalculates the borrower's annual payment amount based on changes in the borrower's AGI, the variable interest rate, the income percentage factors in the table in the annual notice published by the Secretary, and updated HHS Poverty Guidelines (if applicable).

(6) If a borrower's monthly payment is calculated to be greater than \$0 but less than or equal to \$5.00, the amount payable by the borrower shall be \$5.00.

(7) For purposes of the annual recalculation described in paragraph (a)(5) of this section, after periods in which a borrower makes payments that are less than interest accrued on the loan, the payment amount is recalculated based upon unpaid accrued interest and the highest outstanding principal loan amount (including amount capitalized) calculated for that borrower while paying under the income contingent repayment plan.

(8) For each calendar year after calendar year 1996, the Secretary publishes in the FEDERAL REGISTER a revised income percentage factor table reflecting changes based on inflation. This revised table is developed by changing each of the dollar amounts contained in the table by a percentage equal to the estimated percentage
